

GeoOp (NZAX:GEO) director resignation

11 March 2016

Ms Jodi Mitchell has resigned from the GEO Board. Ms Mitchell said: "I remain very supportive of GeoOp and the direction the company is taking. It is a very exciting time in its evolution and I will continue to watch progress closely as a fellow shareholder."

The Board would like to take this opportunity to express its appreciation to Ms Mitchell for her contribution to the Company during her tenure.

About GeoOp (NZX:GEO)

GeoOp (geoop.com) is a publicly listed New Zealand-based software company that offers complete mobile workforce management to businesses all over the world. It's neatly wrapped into a low-cost, easy-to-use service with premium support. GeoOp supports businesses in their journey to be more productive and find time for more important things, providing intuitive software for devices that are already in the hands of field workers.
