Resignation of Richard Suhr

GeoOp (NZAX: GEO) regrets to announce that Richard Suhr has resigned as a Director with immediate effect.

Richard has been appointed to a new global role by his employer. This new role will limit his ability to contribute to GeoOp to the extent required, as GeoOp integrates InterfaceIT and completes its transition to a workforce productivity software company.

Richard remains highly supportive of both GeoOp, and the marketplace in which it operates. The Directors of GeoOp wish to thank Richard for his strong contribution and wish him well in his new role.
